New Format for the Annual General Meeting

As announced during last year’s AGM, the structure of our meetings has been revised to better align with shareholders’ preferences. Starting this year, the meeting day will consist of two separate sessions:

Morning Session: Presentation of the fund manager

During this session, in-depth presentations will be given on the developments of the funds, including concrete examples from the portfolio. There will be ample opportunity to ask questions to the fund management and the board. Shareholders who wish to attend this session may register via [the registration page](#). During the morning session there will also be presentations of Triodos Fair Share Fund, Triodos Groenfonds and Triodos Energy Transition Europe Fund.

Afternoon Session: Formal Annual General Meeting

This shortened formal meeting will only address the agenda items and voting points. Shareholders will also again have the opportunity to ask questions during this session. Votes may be cast in advance by proxy or in person at the meeting.
